Education

Indian Institute of Information Technology, Bhagalpur (IIIT Bhagalpur) Dec 2021 - Jun 2025

B.Tech in Electronics and Communication Engineering (ECE)

CGPA : 7.65/10 (absolute grading)

Relevant Coursework: Data Structures and Algorithms, Object Oriented Programming, Operating Systems, Digital Design, Artificial Intelligence, Machine Learning.

Skills

- Languages** : C / C++, Python, PHP, JavaScript, SQL
- Frontend Skills** : HTML / CSS, React js, Tailwind CSS, Bootstrap, SCSS
- Backend Technologies** : Node js, Express js, Next js, MongoDB, My-SQL, Firebase
- Developer Tools, Deployments** : VS Code, Git, GitHub, Git-Bash, Vercel, GitHub-pages, infinityFree

Projects

Meet-Orbit | React, Next-js, Firebase, Tailwind CSS, Kinde (For Authentication) Jan 2024 - Mar 2024

- Built a **meeting scheduling website** with Firebase integration, designed to streamline meeting coordination and optimize time management by allowing **real-time data saving** and scheduling for **1000+ users**.
- Implemented automated **email reminders**, sending timely notifications to improve meeting efficiency and **save 60% scheduling time**.

Trendsetter Threads | Core PHP, MySQL, PHP Mailer Nov 2023 - Feb 2024

- The website featured comprehensive user registration and login management features, providing easy profile editing and secure login for **1000+ users**, enhancing overall user satisfaction and interaction on the platform.
- Integrated a **PHP mailer library** into the communication framework, enabling automated email notifications for over **500+ users**, improving **response times by 40%** and significantly enhancing user engagement.
- Engineered a robust web application using Core PHP and MySQL, achieving a **70% increase in page load speed** that enhanced user involvement and improved the overall customer experience.

Coder Quest | HTML, CSS, JavaScript Jul 2023 - Aug 2023

- Crafted Coder Quest**, an e-learning platform with **100%** front-end implementation, featuring login/signup functionality and showcasing an interactive and responsive UI.
- Designed a **multi-page layout** with modern UI/UX principles, **displaying over 8+ mock courses**, ensuring compatibility across various devices and screen sizes.

Experience / Achievements

- Chegg Q And A Expert** : Simplified complex academic questions into understandable solutions for students across different subjects, ensuring clarity and comprehension.
- Google Cloud Arcade Program** : Engaged in **comprehensive training and hands-on experience** with Google Cloud, gaining proficient knowledge in cloud computing technologies.
- Successfully cleared Rounds 1.1 and 1.2 of Flipkart Grid 6.0**, selected among the top 327 teams (Individual participation) from 4,84,309 registrations.
- Advanced to the regional level in Bharat Ko Jano (India's premier GK competition)** by clearing 4 stages, demonstrating extensive knowledge in Indian history, culture, sports, and geography.
- Operated 630+ problems on LeetCode (Highest rating : 1486) Handle : Abhishek5165**
- 2-star on CodeChef (Highest rating : 1519) Handle : Abhishek@13**
- Secured a global rank of 344 in CodeChef Starters 126 in March 2024**, among 15k+ participants.
- 65th rank in Code Rush (A coding contest) conducted by Algouniversity**
- Solved 375+ problems on GeeksforGeeks. Handle : Abhishek13**
- Specialist at CodeStudio, Solved 285+ problems (Highest rating : 1854) Handle : Abhishek1320**
